Mrs. Jennings,

Thank you so much for telling me about the Teen Challenge Program. John F. got in touch with my mother and she put the application in for me. John wrote a letter to my mother and my lawyer and he has accepted me to come to the program. You have been such a help, I can't thank you enough. Our God is so great. You have no idea how many people I have reached out to, none of them would even write me back. My court is 6/16/21 and I was down to days before court and I was still holding on to my prayers. Who would think I got you guys address off a chapstick in my pod that would lead me in the right path. I am so grateful for all you have done. I know that my thanks should be to our "God", but it is no way I wouldn't say thanks to you. Have faith of a mustard seed and move mountains! I sure hope you share our story, so others will hang on to their faith.

Here I am a man that has been through so much at the age of 37 years young, with a history of doing the wrong thing and God still answered when I called on Him. Thank you so much.

God Bless  
Derrick W. Stevens
